

Your Home Away *From Home*

Homestay accommodation for Merit University students. Live with a welcoming American family, gain real daily practice in English, and feel at home from day one.

WHO IT'S FOR

Homestay is more than a room. It is for students seeking a **supportive home** and a genuine cultural experience. Our team makes every match individually, and every home is personally visited and **vett**ed.

International Students

Living with a host family accelerates your cultural transition and language skills. Connect naturally and practice English in real life.

First-Time Students

Moving to a new country alone is a challenge. A host family provides structure, guidance, and a friendly face to help you adapt.

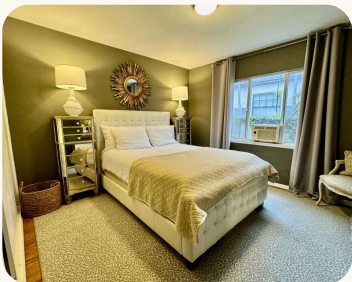

A Real Home Base

Feel like part of a family, not just a tenant. Your host provides the everyday support you need for a successful journey during your studies.

Affordable & Flexible

Utilities, WiFi, and light kitchen access are always included. With flexible stays and custom meal plans, homestay is a high-value option.

Ready to find your *homestay*?

How to *apply*

Secure your homestay. *Limited availability.*

Our most popular homestays are reserved **60 to 90 days** in advance.

1

Apply Online

Complete the short application at **ushstudent.com**. Select Merit University as your school and enter your program dates.

2

Get Matched

Our team matches you with a compatible host family based on your preferences, location, and dietary needs.

3

Move In

Receive your host family details before arrival. Your room is ready and your host is expecting you. Welcome home!

"Living with my host family made my time in California unforgettable. They helped me adjust, practice English every day, and truly feel at home thousands of miles from my own."

— Jaehee H., USH Student
